### SELECT LINKS

Dennis “Citizen” Kane has been a seminal and iconic figure in contemporary dance music culture since his emergence in the mid 90’s NYC downtown scene. A former disco and old school buyer for the infamous A1 records, Kane has been digging and collecting since his early teens in Philadelphia. Kane has been a Saturday night resident at APT since the fall

of 2000. His Deep End party is known for it’s varied mix of lyrical sophistication, rare selections, and dance floor intensity.

In 1999 Kane released Selects 001 (with Chairman Mao) a mix of rare Northern Soul, boogie, and disco treats. It gained significant critical praise from journals like Urb, The Wire, and LA Weekly, and it was nominated to numerous top 10 lists, including The Village Voice’s. A follow up mix, The Greatest Part, released in 2001, went further into the realms of disco and garnered similar critical praise. In 06 Kane released Adult Section, a solo mix with numerous re-edits, that in it’s diversity reflects the dynamic range of his live sets.

It was named one of the years 10 best by Filter magazine, and cited as an essential disco “must have” by Ocean Drive magazine.

Kane’s label Disques Sinthomme had it’s initial release in the spring of 2007. Featuring tracks by Kane and Lodge co-resident Darshan Jesrani, the 12” charted throughout Europe and Japan, and has appeared on several mix compilations. The labels second release featured original work by Silver and Professor Genius, as well as remixes from Kane and Nick Chacona. Silver’s track has been licensed for a forthcoming cosmic compilation helmed by Ibiza legend Phil Mison. Kane was asked by Diesel and Dave Jarvis to contribute an arrangement for the return 12” of the legendary Moton label. The track “Kane’s Spanish Home” was one of the biggest 12”s of the past year, a favorite of DJ Harvey, Prins Thomas, and The Idjut Boys among others. It has been selected for a forthcoming “Heavy Disco” compilation, and landed a place on numerous ten best lists. Kane also has work out on the Ghost Town and Homestyle labels. This fall Disques Sinthomme will release a third 12” featuring tracks from Broker Dealer, and Tony Watson.

When not touring or digging Kane lives in NYC, working with Darshan on the Strobe Lodge and Adult Section parties, or buried in his studio.

Kane lives in the Lower East Side with his wife Karen and son Roan. He can barely recognize his neighborhood anymore.
